

Hydrogeologist

Expertise Conceptual hydrogeological conceptual models, environmental studies and assessment.

Education Tropical Hydrogeology and Environmental Eng., 2017
Technical University of Darmstadt, Darmstadt, Germany
Geologist Degree, 2011
University of Concepción, Concepción, Chile
Mining and Env. Applied Hydrogeology Diploma, 2009
University of Chile, Santiago, Chile
B.Sc. of Sciences, mention in Geology, 2008
University of Concepción, Concepción, Chile

Professional Experience

2021 – Present *Itasca S.A, Santiago, Chile*
Hydrogeology Consultant

2020 – 2021 *Hidroestudios, Santiago, Chile*
Hydrogeology Consultant

2019 – 2020 *Aluvial Consultores, Santiago, Chile*
Hydrogeologist / Business Development

2018 – 2020 *Rambøll Environment & Health, Frankfurt, Germany*
Consultant

2013 – 2015 *Arcadis Chile, Santiago, Chile*
Project Engineer

2010 – 2013 *Geohidrología Consultores, Santiago, Chile*
Geologist

2009 *DICTUC S.A.*
Geologist

Project Experience

Hydrogeology: Experience in groundwater and soil investigations, conceptual hydrogeological site models and impact assessment studies, mainly for mining companies.

Environmental Studies: Leading and coordinating groundwater projects with a strong strategic and environmental component. Environmental due diligence auditing and compliance for industrial clients and financial investors.

Remediation: As part of the Site Solutions Team of Ramboll, developed contaminated site assessments, project management and soil and groundwater remediation studies, including field work.
