

Project Engineer

Expertise Geotechnics, Geomechanics and Mining

Education Civil Mining Engineer, 2020
University of Santiago of Chile

Professional Experience

July 2021 – Present *Itasca Chile Spa, Santiago, Chile*
Project Engineer

2018 – 2020 *CGEM - USACH*
Laboratory Assistant

Project Experience

Civil Mining Engineer from the University of Santiago of Chile performing his end-of-degree project, which is the development of a computational tool in Python for two-dimensional analysis of excavations using the elastic Kirsch solution. Prepared and executed destructive and non-destructive geomechanical tests on intact rock in the rock mechanics laboratory (CGEM).
