

Geotechnical Engineer

Expertise Geotechnical Engineering, Soil and Rock Mechanics

Education M.Sc. in Geotechnical Engineering, 2019
Universidad Nacional de Ingeniería, Perú
Geological Engineer, 2012
Universidad Nacional de Ingeniería, Perú

Professional Experience

2019 – Present Itasca S.A, Lima, Peru
Geotechnical Engineer

2012 – 2019 Anddes Asociados SAC, Lima, Peru
Geotechnical Engineer

Project Experience

Jair Olivares is a geological engineer who graduated from the National University of Engineering in Lima, where he also received his master's degree in geotechnical engineering. His specialization focuses on tailings disposal, numerical analysis, foundation design, geosynthetic design, dam safety analysis, risk analysis, and instrumentation. He has carried out numerical stability analysis for different structures, such as dams, leaching facilities, and pits, among others, for different civil and mining projects.
